

City of Morristown – Potential Spring Flooding

The City of Morristown is monitoring the Cannon River for potential flooding and City Public Works is hard at work keeping city stormwater drains open along City streets. In the meantime, you can observe river levels at the following website:

<https://water.weather.gov/ahps2/hydrograph.php?wfo=mpx&gage=mrtm5>

By Saturday morning, **March 16, 2019**, the City is planning on providing sand and sandbags for City residents at the Public Works Building which is located at **109 2nd Street SW**.

As mentioned, the City will be providing sandbags and sand, however City staff or the Fire Department will not be assisting in sandbagging individual private properties.

If you have any questions, please feel free to contact me at 507-514-2593 or visit the City Website www.morristownmn.org or Facebook Account.
